

Early Recovery Working Group

UPDATE AND OVERVIEW

Situational Overview

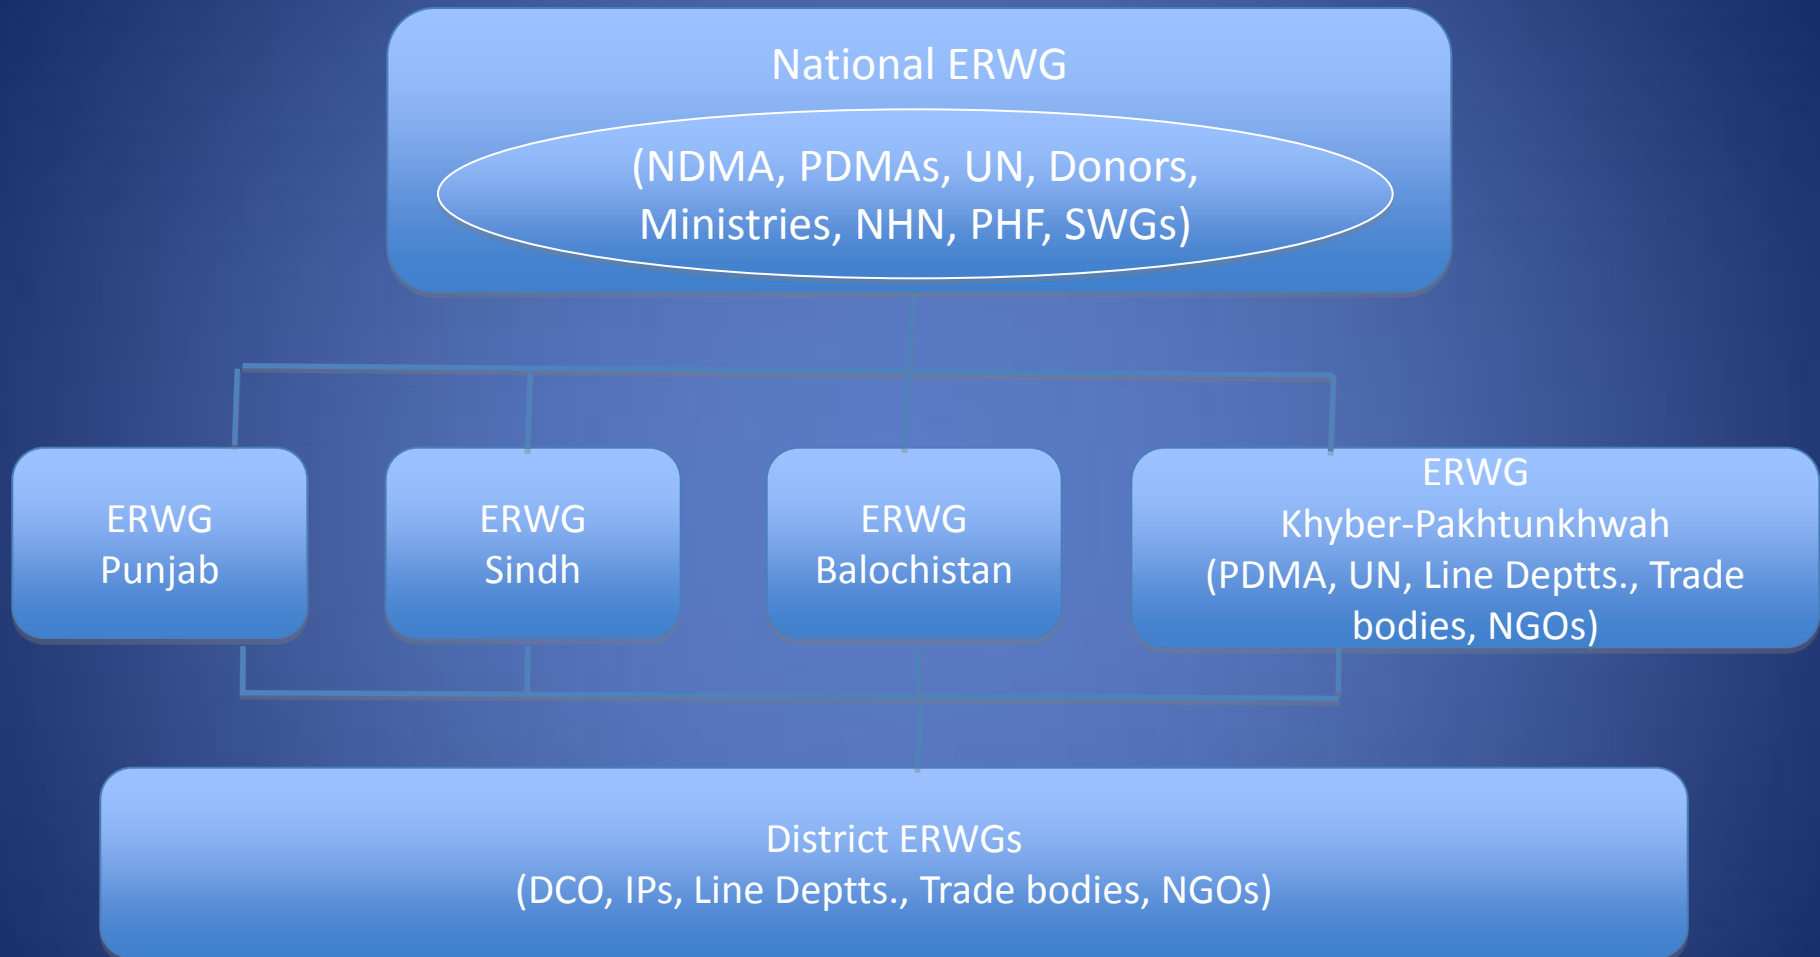

Goals of ERWG

- To establish an overarching ERWG;
- To bring all the Early Recovery stakeholders on a platform to map the activities, resources needs, and gaps with a view to foster inclusive and integrated decision making and reporting;
- To make a strategic link between Residual Relief, ER and Longer Term Reconstruction
- To offer strategic advice to key decision makers on the best options for ER

Specific Objectives of ERWG

- **Stakeholder Mapping** (Location, Sector, Capacity, Budget, Reporting etc.,)
- **Strategic Gap Analysis**
- **Economic Analysis**
- **Information Management for Decision Making**

Structure of ERWG

Co-chairs for SWGs

Sector	UN Lead	Government of Pakistan Lead
Food Security & Agriculture	FAO/WFP	MinFAL
Health and Nutrition	WHO/UNICEF	MoH
Education	UNICEF/Save the Children	Min of Education
Public Health (WASH)	UNICEF	NDMA
Housing	UN Habitat	NDMA
Governance	UNDP	NDMA
Off Farm Livelihood	ILO	NVTEC
Community Infrastructure	UNDP	NDMA

CROSS CUTTING THEMATIC GROUPS

Environment: UNDP; Protection: UNHCR; Disaster Risk Reduction: UNDP;
Gender: UN Women

Outputs of the Gap Analysis

- Sector-wise and geographically disaggregated data on ER needs, response so far, and Gaps
- Financial data about ER needs and updated funding pledges and receipts
- A Strategic Early Recovery Plan

Mapping and Gap Analysis

- Identifying the sectoral ER needs at the district level (Source: Literature Review; District Authorities; Field Assessment)
- Mapping of all the ER actors at district level (Source: District Authorities and SWG datasets)
- Identifying the sectoral gap at district levels
- Calculating the total sectoral ER gap
- Collating the sectoral ER Gaps to calculate the aggregate ER Gap at the national level

Update on Progress

- All the Sector Working Groups (SWGs) and Thematic Groups (TGs) activated
- Draft Strategic Early Recovery Action Plan compiled and submitted to the Government of Pakistan
- Information management System for ERWG being put in place

Strategic Early Recovery Action Plan at a glance

- Eight Priority sectors and four cross cutting themes covered
- Compiled under four basic principles
 - Relevance to ER, excluding relief and reconstruction
 - Availability of physical and human capacity
 - Practicable till end 2011
 - Focus on the most vulnerable in the worst affected areas
- Total estimated cost is around US\$ 570 million
